The Dimmer View

BY MAX GOODWIN

Bill Paul, manager of the U.S. National bank in Lemon Grove proudly announced to us that he had obtained a supply of one-thousand-dollar bills following our yarn about the cafe operator who could not only get none in Lemon Grove, he couldn't even get an uncrumpled one (I hate people who crumple $1,000 bills) in San Diego.

Said he got three and promptly sold one. Anyone needing three brand new bank notes of said denomination may apply at the good old USN.

National Newspaper Week and National Fire Prevention Week fall a week apart each year but the weeks are together as far as newspapers' respect for the fire-boys is concerned.

Fire Chief H. O. "Pappy" Hensley annually sets the tempo for the Week by issuing a proclamation. Pappy, being a modest man, is prone to underestimate the faith and trust our citizens place in him and his charges.

There are more than a dozen citizens in this area who are alive today because of the prompt dispatch with which the department operates. While this is also true of departments across the nation it is particularly true here. I know most of the local firemen personally and I am aware that they give much of their off time to affairs of the community. They serve as guards, as traffic control officers, as clean-up men, as painters, as grass and weed burners, and in many other capacities beyond the duties they are hired to perform.

Not a single word of criticism has reached my ears concerning the department in regular performance of their duties. They, as a department, are able, conscientious and willing. They have a record of extinguishing fires with minimum loss of property and life. They have an admirable record of life saving, especially with a resuscitator presented by local organizations a few years ago.

Last year the Lemon Grove fire department answered 140 alarms including 19 structure fires. There was $50,000 damage on $349,600 worth of buildings . . . a goodly savings in property. Additionally, the department made 27 life saving runs.

To those of the 27, and the families of same who are alive today as a result of these runs, the Lemon Grove Fire Department boys could well qualify as "angels in blue."

This, then, is a request to each and every one who reads this piece, to walk up to your fireman the next time you see him and say, "congratulations on your part in making Fire Prevention Week possible."

National Newspaper Week comes ahead of Fire Prevention Week and we have properly publicized the event in previous issues of this publication.

Possibly one further word could be said in regard to this. This is the first of seven paragraphs making up "The Journalist's Creed" a philosophy developed by Walter Williams, dean of the University of Missouri School of Journalism.

Under the title of "I Believe in the Profession of Journalism" the paragraph reads:

"I believe that the public journal is a part of a public trust; that all connected with it are, to the full measure of their responsibility, trustees for the public; that acceptance of a lesser service than the public service is a betrayal of this trust."

This was written to commemorate the 50th anniversary of the founding of University of Missouri's school of journalism being celebrated this year. It could very well be the keynote of the 1958 commemoration of National Newspaper Week.

Governor and Mrs. Knight Are Grove Guests

VISITORS—Governor Goodwin Knight and Mrs. Knight were visitors Thursday to Lemon Grove when they accepted an invitation from the Lemon Grove chamber of commerce to be guests at a breakfast meeting. The affair brought more than 200 reservations. Many couples came due to Mrs. Knight's acceptance and the affair took on a social atmosphere. Wallace Dorman, chamber vice president, presided in the absence of vacationing president E. M. Newton.

School Administrators Scored For Politicking

Superintendent Smith, 3 Grossmont High Men, Named In Complaint

Two school administrators and two teachers Tuesday were named as defendants in a civil action charging them with illegal activities in behalf of partisan candidacy of 77th District Assemblyman Sheridan Hegland (D-La Mesa).

Named as defendants were Lewis F. Smith, superintendent of the Grossmont Union high school district; John T. Warburton, principal at Grossmont high school; and Richard S. Dunlop and Albert V. Mayrhofer, instructors at Grossmont high school.

The complaint further stated Diego attorney Howard R. Harris on behalf of the plaintiffs, charge that the defendants had "used and distributed publications of a partisan character in support of the candidacy of Sheridan Hegland in Grossmont high school in violation of Education Code Section 8273."

PLAINTIFFS NAMED

Plaintiffs in the case are: Mrs. Eunice M. Pear of Spring Valley; Frank E. Bain of El Cajon, and Glenn L. Murray of La Mesa.

The complaine further stated that the defendants "distributed and suffered to be distributed bulletins, circulars, and publications whose purpose is to spread propaganda for the candidacy of Sheridan Hegland, and have shown said bulletins to the pupils of Grossmont high school on the school premises during school hours in violation of Education Code Section 8274."

Each of the defendants, the complaint said, "have used property and equipment of said school for partisan purposes in support of Hegland.

Attached to the complaint was a copy of a daily bulletin of the Grossmont school, dated Tuesday, September 23, 1958, a portion of which read: "Any registered Republicans interested in assisting the campaign of Sheridan Hegland and preserving sanity in the 77th District, are urged to contact Al Mayrhofer or Dick Dunlop at their earliest convenience." Mayrhofer and Dunlop are teachers at Grossmont high school.

The action requested a temporary restraining order and a permanent injunction against futher illegal activity.

SHEARER COMMENTS

Asked for comment on the suit, Hegland's opponent, William K. (Bill) Shearer, said:

"Every fair minded person recognizes the right of teachers to campaign for legislative candidates of their choice. No public school employee, however, has the right to carry that campaign into the public schools, or to use tax-provided time, property or material for a partisan political cause. The public schools belong to all the people, not just to those favoring the candidacy of Hegland. People in my campaign have been increasingly aware of violations in our schools on behalf of Hegland and feel that in the public interest these violations cannot go unchallenged.

"I propose to request a hearing soon before the school board of trustees on this matter."

SMITH COMMENTS

District Superintendent Smith told reporters of this newspaper, "We deny and allegation of conspiracy" in the matter.

"The schools should not be used for campaign purposes of any political candidate.

"When approval was needed for publication of the school bulletin in question, normal approval was not followed through. A school secretary couldn't find anyone responsible to approve it because Tom Warburton, school principal, was in Vista for a conference and the vice principal was in conference regarding activities for Saturday night's football carnival.

"The secretary then requested approval from William Barkell, counselor, who told her to publish it as is. The item in question in the school bulletin was submitted by Dunlop."

When asked by a reporter if he would comment about the possibility of losing his job because of the complaint Smith said, "We regret the incident occurred and we admit the mistake."

$2 Million Bonds Approved

Major improvements were voted in the La Presa Water District Tuesday as voters approved bond issues totaling approximately $2,000,000.

The 23 persons who went to the polls voted unanimously for the bonds. The district, owned primarily by Fred Hansen, consists of 3,500 acres and lists 32 registered voters. Four voters moved since registering, five did not cast votes.

The projects include sewer facilities and improvements to existing water facilities. These are:

1. Issuance of $825,000 in bonds for installation of a sewer trunk line in the 3,500-acre district. The district is without sewer facilities.

2. A $425,000 bond issue to construct water lines into an undeveloped area of La Presa Colony and the East Side addition, where 600 homes are planned.

3. A bond issue of $675,000 for sewer laterals from trunk lines into the same area for individual homes.

The district recently completed installation of the initial phase of an $850,000 water distribution system.

Hansen said the water expansion would make possible a second unit of the Bollenbacher-Kelton project which is now underway.

Broadway Improvement Between Kempf & Olive

Center Islands Scheduled For Rest of Road From College To Sweetwater

The Broadway Improvement Committee of the Lemon Grove Boosters club took the first step this week for widening Broadway to 150 feet but warned that present plans call for the improvement only between Kempf and Olive streets.

Petitions are being prepared by the club's counsel, Kenneth Barwick which will be circulated October 13.

Marshall Adams of Morrison-Adams Jewelry Co. and Barbara Howell of CP Appliances, Boosters road committe co-chairmen, said this week the work would be done under a 1911 Improvement Act with the county road department sharing in the cost of the work. The 1911 Act permits a lien on property for improvement within an improvement district and makes all such property liable).

The county road department had proposed a 100 foot improvement on Broadway between Sweetwater and College with all of the costs being underwritten by the county. The improvement, however, would have 18 foot wide left-turn center islands along the full length of the improvement.

Many Broadway property owners objected to the center islands and requested alternate plans of road development. The county road department agreed to one alternate which, in a general way, proposed to eliminate the islands and substitute a double-line traffic control provided the property owners alongside would 1. pay for improving the addition width between 100 and 150 feet, and 2. dedicate the improved property to the county for public use.

Cost of additional improvement is estimated at $40 per front foot. This includes acquisition of property if necessary, by condemnation proceedings, drainage and paving.

Adams pointed out that at least three unsuccessful attempts had been made to get the owners of the entire stretch of Broadway to improve to 150 feet to get ready for the impact of the shopping center scheduled to open in 1960 at College avenue.

The county road department said approximately $150,000 is in the department's budget for the improvement with a similar amount being requested for 1959-60. The improvement would be started late in 1959, according to Joe Mack, county road commissioner.

Adams said the formation of the district between Kempf and Olive would get underway October 13. Contiguous property, in block-long lengths, could be added before that date, he said.

The committee also said in both types of improvements parking control curbs would be required.

22 Forms Filed For Council As Deadline Nears

Twenty-two Lemon Grove taxpaying voters have filed intentions to serve as city councilmen if the election on Lemon Grove incorporation is successful November 25. One is a woman.

Only 24 hours remain for candidates to file as this newspaper went to press Wednesday noon.

Those who filed are:

Joseph Payson, Earl R. Andrix, Roger S. Martin, Joseph Cannizzaro, Robert Vaught, V. J. Dorman, Harry Valasek, Dr. Dennis McLaughlin, Elton H. Loveland, Charles Krause, Ira L. Durham, Frank C. Doolin, Florence E. Custeau, Albert H. Brauer, Jim Spears, Dr. Gilbert Chassey; Ralph V. Armstrong, Jesse E. Lee, Bill R. Vandenberg, Dr. Robert F. Burns, Lawrence F. Vlach, and James J. McEntee.

Harry C. Griffen, local rancher and director of the Helix Irrigation district filed nominating papers Wednesday. Griffen said his candidacy was not an indorsement of incorporation of Lemon Grove. "I still feel the tax base isn't broad enough," he said.

Girffen said that should the election be successful and he is elected he would give all of his energy and ability to see that the city had a good foundation as a start.

Meanwhile, representatives of the Lemon Grove chamber of commerce Committee of 1,000 for Incorporation were circulating through the community offering "keys" to the city at $1 each to help cover the cost of bringing about the election.

The keys are green plastic, nine inches in length with a thermometer built in. The keys carry a picture of the lemon which is a Lemon Grove landmark and the legend, "best climate on earth." Sale of the keys is under the direction of the Lemon Grove ministerial association.

Fine Arts Program Slated At Cal-Western

The second annual Community Program of Fine Arts will open Monday of next week at the Point Loma campus of California Western University.

Schedules can be obtained at the administration building on the campus.

Junior High PTA To Use 'Safari'

The Lemon Grove junior high school PTA will use the theme "Safari" in its drive for 750 members which kicks off Monday of next week. A deadline of October 14 has been set. Mrs. I. L. Arms is the "guide" for the "safari."

Jackpot Hits $1,000; Woman Misses Share

There was $900 in the Boosters Club jackpot Thursday, but, Mrs. Rupert A. Perry, of 2228 Lyndine street, Lemon Grove, was not present when her name was called. Instead of sharing in the gigantic jackpot she will receive only $5 as a consolation prize.

Mrs. Perry, mother of two girls and whose husband operates a self-service station, said that she had been refusing to take the coupons most Lemon Grove business firms distribute free of charge because she knew she couldn't be present for the Thursday drawings.

The only coupon she accepted was in connection with a purchase she made at Rella's shoe store. This was the one drawn last week. It was for 20 per cent of the big jackpot.

The Boosters Club announced last week that the drawings would be changed to Friday evening at 7, commencing October 17. This is to accomodate persons such as Mrs. Perry who cannot be present during work-day hours.

Mrs. Perry said she had never won a prize of any sort in her life and because of that she didn't feel she was out anything by failing to be present at last week's drawing.

"The change to Friday is good," Mrs. Perry said. "I'll take the coupons every time, now."

This week the jackpot is increased $100 to to $1,000.

Election In A Nutshell

Polls at four precincts will open Tuesday, October 7, from 7 until 7 for the elementary school override tax election. Voters will have an opportunity to vote on a tax increase from $1.40 to $1.65 for operation of the Lemon Grove elementary schools.

The following precincts have been set up by the County Registrar of Voters with these polling places.

Precinct No. 1, Vista La Mesa School, 7101 Pearson street.

Precinct No. 2, San Miguel School, 7059 San Miguel avenue.

Precinct No. 3, Monterey Heights School, 7550 Canton drive.

Precinct No. 4, Lemon Grove Junior High School, 7860 Lincoln street.

Since voting is usually heavy in the late afternoon and early evening hours, those who can vote during mid-morning and early afternoon hours will encounter little delay. Residents desiring transportation to the polls may phone HO 6-4286 (Vista La Mesa) HO 6-9087 (San Miguel); HO 9-0807 (Monterey Heights); or HO 6-8486 (Junior High).

'Dead' Drunk's Dinghy Departed, Decides Deputy

Sheriff's Deputy Hal Johnston, Lemon Grove police department, reported a "dead" man lying alongside San Miguel street was only "dead drunk." A local resident turned in the report to the sheriff's department Saturday night.

Johnston said he responded to the report at 4 a.m. The man proved to be a fisherman from Monterey who complained that someone had "taken his dinghy while he took a nap on the wharf."

The officer said he towed him from the "wharf" on San Miguel street to a safer harbor . . . the county jail.

Johnston also reported that a motorist had plowed into the side of Burns Raido and Television Repair Shop at 7249 Broadway Friday night while using the driveway, circling the shop, as a speedway.

Johnston said the driver apparently lost control of the vehicle while circling the building judging by the "burn" marks on the blacktop. The vehicle finally hit the side of the building crashing through a plate glass side wall. The motorist then drove away.

A blacktop drive completely circles the building and one side of the drive is banked, lending itself to illegal speedway purposes.

San Altos To Become District's Seventh PTA

Parents and teachers of the San Altos school took the first step toward organizing a seventh unit of PTA last week. The school is scheduled to open October 13.

Mrs. R. M. Haigren, extension director for the Ninth District PTA, guided the opening meeting at which two committees were formed. William Brown, Jr., volunteered as chairman of the by-laws committee. Committee members include: Tom Duffy, Dolores Lorona, Jim Starbuck, Bill Sussan, Doris Sussan and Mrs. R. A. Turner.

Mrs. Ethel Grimm will serve as chairman of the nominating committee. Members of her committee include: Sue Duffy, Janna Landis, Barbara Meyers, Dottie Richardson and Dorothy Sanders.

Douglas Giles, San Altos principal, will sit with each committee.

The actual organizational meeting has been set for October 15 in the new San Altos auditorium.

Second Aqueduct Put Off; Helix Board Changes Plans

Helix Irrigation District directors were told recently of a change in plans for the construction of the second San Diego aqueduct from the Colorado River. The aqueduct was previously scheduled to deliver water to San Diego county by fall, 1959. The Metropolitan Water District, which controls the aqueduct, announced that it will not be possible to complete its section of the pipeline until the fall of 1960, thus delaying relief for San Diego county's water needs a full year.

This information has made necessary a change in the plans of the Helix district. The district had planned to continue its present policy of mixing aqueduct and local water in equal amounts until late 1959. At Tuesday's meeting, district directors decided to use no more water from local storage after November 1. The district's water needs will be met by taking the maximum of 1,125 acre-feet per month from the aqueduct and supplementing it with water from storage with the County Water Authority to supply the 1,560 acre-feet per month needed to meet average water needs for the district. If there is only a minimum runoff from rain during the winters of 1959 and 1960 there should be adequate water available under this system to last till the aqueduct is completed, it was pointed out.

During the period from January 1, 1958, to September 22, the district has used 20 per cent more water than was used during the same period in 1957, when the water conservation program was in effect.

Local Groups Urge 'Yes' On School Vote

Strong support for the school tax election next Tuesday is evidenced in the number of community groups which have passed resolutions endorsing the ballot measure. One of the latest to join the school bandwagon is the Lemon Grove Business Men's Club which took positive action for a "yes" vote at its meeting Friday.

Other community groups endorsing the issue include the Lemon Grove Kiwanis Club, the Lemon Grove Chamber of Commerce, the Lemon Grove Junior Chamber of Commerce and the Lemon Grove Congregational church.

Also the Palm Avenue PTA, the San Miguel PTA, the Junior High PTA, Helix High PTA and Ninth District, CCPT. Other PTA groups will probably take similar action as soon as executive boards meet. Many church and community organizations have indicated they will publicize the election through their membership.

"ONE THING"

David said, "One thing have I desired of the Lord, that will I seek after." This is one of the greatest steps we can take in truly becoming wise men and women. The one thing which is worth more than all other things combined is to know Jesus Christ as your personal Savior. If you have One Thing, you have everything. If you do not have this One Thing, you really possess nothing.

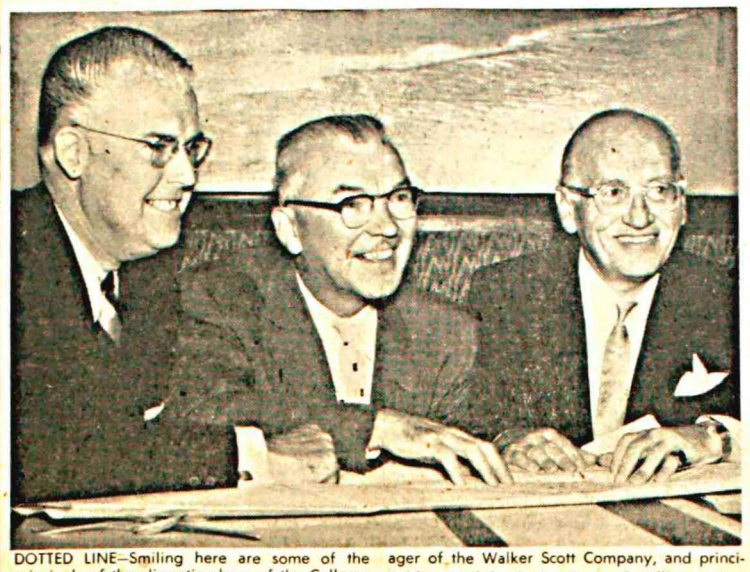
Bid Call To Be October 9

Financing Completed On College Grove Shopping Center



DOTTED LINE—Smiling here are some of the principals of the climactic phase of the College-Grove Shopping Center . . . that of financing the gigantic 14 million dollar development. Those taking part in the event are, from left, George A. Scott, president and general manager of the Walker Scott Company, and principal lessee of the Center; James C. Hill, executive of the Equitable Life Assurance Society, the financing agency, and Michael Birnkrant, principal owner of the Center.

Financing arrangements have been completed for San Diego's $14 million College Grove Shopping Center, according to an announcement by Michael C. Birnkrant, principal owner, and James C. Hill of the Equitable Life Assurance Society of the United States, the financing agent. Bids deadline for construction is October 9.

F. C. McPherson and W. E. Murchie of Equitable spent over three weeks in San Diego investigating the area potential for such a regional shopping center before completing the negotiations.

Hill said his company is "pleased to be participating in this major regional center, as it meets the criteria as to location, tenancy, population and purchasing power, ownership and growth potential for institutional consideration."

Construction on the 70-acre project, at College avenue and Freeway route 94, is expected to begin shortly after construction bid deadline, October 9, according to John Graham and Company of Seattle and New York City, who designed the center. Excavation on the site, involving the moving of some 800,000 yards of earth, was completed early in September.

Birnkrant said the center is scheduled to open early in 1960.

"The aggregate of all the stores will represent virtually all the merchandising facilities found in a metropolitan downtown district, but transplanted amid ample free parking. There is no shopping center in the country which enjoys better roads for accessibility and future potentialities than College Grove Center," Birnkrant said.

Phillip Lyon Company, leasing agent of Los Angeles announced that the center is committee for approximately 80 per cent of the rentable area.

Major lessees include the Walker Scott Co., J. C. Penney Company, J. J. Newberry Company, F. W. Woolworth Company, Lawson-Schiller Jewelers, Security First National Bank, Central Federal Savings and Loan Association, Leed's Shoes, Hartfield Stores, Inc., Cooper Penny Restaurants, Gallenkamp Shoes, Thom McAn Shoes, Safeway Stores, Inc., C. H. Baker Shoes, and Kay Jewelery.

Jack's Shop for men, Bishop's Sportswear, College Grove Cleaners, Ellis Brother's men's wear, Guthrie's Childrens Shop, Charles Hair Stylists, Southern Farms Poultry, Morgan's Hobbycraft, and Texas Liquor.

The center features split-level mall design and layout with the two largest tenants, Walker Scott Company and the J. C. Penney Company, at opposite ends of the mall. The huge parking area will provide space for 5,104 cars and upon completion of first phase construction, there will be 650,000 square feet of floor space with accomodation for 80 stores. Ultimately the center will have 880,000 square feet with parking space for more than 6,000 automobiles.

George A. Scott, originator of the site, stated that interior planning for his College Grove store, which occupies 160,000 square feet, has been completed and the designers are now in the process of planning exterior design.

College Grove Center, San Diego County's first regional shopping center, is located in what was termed "one of the most dynamic sections of the San Diego area," by A. J. Sutherland, chief executive officer of the Security First National Bank, San Diego division. By 1960 there will be 98,200 dwelling units within ten minutes driving time of the center, according to a comprehensive traffic survey. And by 1970 this count is expected to reach 227,500 dwelling units.

☆ "Facts You Should Know About Home Fire Protection," 16-page booklet, is available from the San Diego Better Business Bureau, Spreckels Building, for 15 cents to cover printing and mailing costs.

He's No Blockhead About Rockets

TV star Paul Winchell is afraid his wooden-headed pal, Jerry Mahoney, might use this homemade explosive for a trip to the moon. "A false alarm," replies Jerry calmly. "I'm an honorary Junior Fire Marshal and like me, the rocket is a dummy, too. It's just a reminder to boys and gilrs that these homemade gadgets are a real menace." The nation's Junior Fire Marshals, four-million strong, begin their annual campaign to combat fire hazards during National Fire Prevention Week (Oct. 5-11). This year-round educational program is sponsored as a public service by the Hartford Fire Insurance Company in schools all over the country. Paul Winchell and his quick-quipping friend Jerry will be one of this season's standout comedy attractions on ABC-TV. Local fire departments are participating in National Fire Prevention Week.

Mrs. Belle Ellis, new membership chairman, announced that approximately 50 per cent of the parents have paid membership dues.

Entertainment for the meeting was provided by members of the school's pep band. Refreshments were served by mothers of seniors participating in the band.

The school marching band, increased from 70 to 84 members, made their first appearance of the season in pre-game ceremonies Friday night at the Metro League Football Carnival in Aztec Bowl. They appeared in the Lemon Grove Kids Day parade on Saturday.

WAITING LIST GREETS HARVEST BALL EVENT

As the Harvest Ball date of October 4 nears, one committee deeply involved in the Grossmont Hospital Women's Auxiliary affair has been meeting practically every day. That is the invitations and reservations committee headed by Mrs. Stanley Leith, and Mrs. Myron Kaminar, co-chairmen. Reservations have been pouring in. Tables of six, eight, and ten are being made up.

The ball will be held in the Palm Room of the U.S. Grant Hotel, San Diego. Dinner will be served promptly at 8 p.m. The presentation ceremony will take place at 9, with dancing to follow. Doors open at 7.

Several pre-ball cocktail parties are being planned. Among them is one to be held my Mr. and Mrs. Richard C. Adams in their home, 9425 El Dorado lane, La Mesa; and another to be hosted by Mr. and Mrs. N. T. Henkel in a private suite of the U.S. Grant Hotel. Mrs. Henkel is arrangements chairman for the ball and a member of the ball's decor committee.

Accent on the younger generation is a keynote of Harvest Balls. Among the guests at the two tables for 10 being hosted by Mr. and Mrs. Mearl L. Baker of 10815 Melva drive, La Mesa, will be their son George and his wife, and Mr. and Mrs. Bernard Martin. Mrs. Baker is general chairman of the affair. George Baker has recently completed service in the Marines and has entered his father's business. Mrs. Martin was presented at the first Harvest Ball in 1954. She is Carlynne, daughter of Dr. and Mrs. Carlton H. Williams who will also be at the Baker table. Mr. Martin is a dental student in Los Angeles.

Mr. and Mrs. R. Marvin Jackson will also be members of this large party. As president of the Grossmont Hospital board of directors, Mr. Jackson will take a prominent part in presentations for community service of Auxiliary daughters, for which Harvest Balls are famous.

Mrs. Leith said anyone wishing to attend should call her (HI 4-6392) or Mrs. Kaminar (HI 4-2204), as those on the waiting list will be afforded an opportunity to attend through late cancellations or ticket returns.

Meeting Set For Turkey Producers

Dr. A. S. Rosenwald, extension poultry pathologist, University of California at Davis, will be featured speaker at a turkey producers' meeting, according to Robert H. Adolph, San Diego county poultry farm advisor. The meeting will be held Friday of this week at 8 p.m. at the Women's Club House in Ramona.

Problems of the turkey industry and what producers may do to overcome these problems will be the theme. Adolph states that current low prices for turkey meat requires that producers have the best information available to keep costs of production low.

Adolph further urges that all turkey producers and interested persons attend this meeting, open to the public.

Assemblyman Gives Press Pat on Back

Best informed, least biased, and civicly most dedicated persons in any community are likely to be members of the working press, Assemblyman Sheridan Hegland (D-La Mesa) told Helix high school journalism students at a newspaper week observance this week.

"Far more than any other media, newspapers carry a tremendous responsibility," Hegland said. "Words spoken on TV or radio once spoken vanish, but in solid print they remain for years."

He quoted Thomas Jefferson who said, if a choice were required, he would rather live in a country with newspapers and without government than in a land with no newspapers but with a government.

"Jefferson felt that government without the watchful eye of the press would become all-powerful," Hegland said.

As a college student, Hegland served as an editor of the Stanford "Daily," and later worked as a reporter on the San Fancisco Call-Bulletin and the Oakland Tibune and he also taught journalism at Menlo junior college. For eight years he published newspapers in the La Mesa and Lemon Grove areas.

Clovis Hill, Helix journalism instructor, presided.

Henry Elfers Dies During Surgery

Henry Elfers, 60, 7455 San Miguel, Lemon Grove, a resident of San Diego county for 36 years died Saturday at Sharp hospital during surgery. He had been ailing for several years.

Elfers, who served as a patrolman of the high-line facilities of the San Diego Gas and Electric Co., had been with the firm 32 years but retired last year due to ill health.

He is survived by his wife Rose, a son Francis and two sisters and three brothers.

Services were held Wednesday at Conrad Mortuary under the auspices of Southwest Lodge 283 Free and Accepted Masons of National City followed by interment at Mt. Hope cemetery.

WELCOME—Ernie Newton, left, president of the Lemon Grove Chamber of Commerce, welcomes Gordon McCorquodale, new owner of Gordon's Market, formerly Rancho Market Basket, 7702 Broadway, to Lemon Grove's long list of merchants. Bob Brunette, left, Gordon's Market meat manager, looks on. Gordon's Market is the largest independently owned super market in the area.

Steel Welder Steele's Torch Sparks Truck Fire

The Lemon Grove fire department took five calls during the past week with property damage restricted to $400 on a parked truck.

Thursday, before noon, the department extinguished a fire in a 1955 Chevrolet truck parked near the St. John of the Cross church now under construction. The truck was ignited, firemen opine, from a spark from a welding torch atop the church's 82-foot steel tower. The truck, incidentally, is the welding truck owned by the El Cajon Iron Works, driven by Harry Steele.

The same day the fire rig made a run to a grass fire in the separation strip on the freeway north of Broadway and Sweetwater. No loss except 15 gallons of water required to put out the fire.

Friday, at 2:30 a.m., the crew made a resuscitator run to the home of Harriet Schmidt, 2355 Golden avenue. Department physician Dr. Jack Tracy reported Mrs. Schmidt dead on arrival.

Sunday morning a rig was sent to 1380 Glencoe to put out a grass fire on a half acre plot. No loss reported. Later the same day the department gave mutual aid to the Division of Forestry on a brush fire sweeping uphill from the Campo road-American Homes area. Several palm trees and considerable grass and brush was burned. No actual property damage was reported.

Harriet Schmidt Passes at 46

Harriet Helen Schmidt, 46, a widow, 2355 Golden avenue, Lemon Grove, died Friday.

A former resident of Spokane, she resided in Lemon Grove six years. She was a member of the Order of the Eastern Star, Aloha No. 6, Klamath Falls and of St. Philip's Episcopal church in Lemon Grove.

Services were conducted Tuesday at Erickson-Anderson mortuary in La Mesa, followed by cremation.

Survivors include her mother, Harriet Isabel Hunter of the same address; a daughter, Mrs. Chester Story of El Cajon; a brother, Robert Hunter of Lemon Grove and two grandchildren.

Helix Hi PTA In Membership Drive

The Helix High School PTA will conclude its membership drive at the food, fun, football supper to be held Friday at 6 p.m. in the Helix cafeteria.

Notices to parents were distributed to the students this week, but membership envelopes will also be available at this first PTA event. "We hope, of course, for 100 per cent membership," said Mrs. George K. Birch, membership chairman.

PICTURE TALK

by Bob Vaught

SHOPOWNERS ALMANAC

Without even stealing a look at the calendar, I can always tell when autum is nigh.

Around this time of year, I find myself extra busy helping people select color-slide projectors. I guess as evenings begin to lengthen, folks start getting anxious to have some good, big-screen looks at the color slides they made during their summer outings.

Bob Vaught

While we carry a complete line of slide projectors, the one that has been catching everybody's eye recently is the new Kodak Cavalcade Projector. This really is the last word in slide projectors.

All you have to do is slip in a tray-full of your favorite slides, and press the button — the Cavalcade does the rest. Your slides slip on and off the screen like clockwork. When one of them draws "ohs" and 'ahs" from your audience, a control wheel lets you keep the show-stopper on the screen as long as you like.

The Cavalcade has a dozen other features like a remote control cord, built-in pointer, and editing lever that you really have to see in action to appreciate.

Tell you what. Bring a batch of your slides down to the shop first chance you get. We'll load them in a Cavalcade so you can see for yourself.

VOTE "YES" ON SCHOOLS

TUESDAY, OCTOBER 7th

KEEP FAITH WITH THEM

Third Graders, left to right, Sandra Flukey, David Rowe and Carolee Strand study a science lesson at Vista La Mesa School with their teacher, Mrs. Hazel Jensen. They are just three of 3600 students in Lemon Grove elementary schools depending upon us for a good education. A "YES" vote on Tuesday will assure boys and girls like these the same school program enjoyed by children in surrounding districts.

Better Schools!

Better schools insure a better tomorrow for Lemon Grove boys and girls. They insure a better world, a better community and...better individuals. Today's students are tomorrow's first line of defense.

Let's Be Realistic!

Our 1958 schools can't operate on 1933 funds. Schools can do the job if the people of Lemon Grove provide a realistic income, which in turn will provide all children with a good education.

We Can't Do Less . . . Let's All Vote "YES"

Rotary Promotes International Understanding, Says District Gov.

Rotary Clubs in 110 countries and geographical regions throughout the world are involved in a project to promote international understanding, good will and peace. That was the message of Robert Y. Hollingsworth of Escondido, governor of district 534 of Rotary International, in addressing the Rotary Club of Lemon Grove Monday, following a conference with local Rotary officers and committee chairmen.

In addition to the activities of the more than 9,900 Rotary clubs within their own communities to promote this objective, Hollingsworth explained, Rotary International has awarded grants of more than $2,600,000 in the last 11 years through its program of student fellowships, which enable outstanding college graduates to study for one year in countries other than their own, as Rotary ambassadors of good will.

Since 1947, when this program was established, 1,076 Rotary Foundation Fellowships have been awarded to students in 65 countries for study in 43 countries. The following Rotary Foundation Fellowships have been awarded from our district in the past 8 years: 1950-51, Donald S. Barnhart of San Diego, to University of Colombia; 1955-56, William A. Seavey of Coronado to Graduate Institute of International Studies at Geneva, Switzerland; 1957-58, Dorothy M. Hatch of El Centro, to Scuela del Teatro del Opera "la Scala," Milan, Italy.

"With fellowship and service to others as its keynote, Rotary provides a common ground for 464,000 business and professional executives throughout the world, regardless of nationalities, languages or political and religious beliefs," the Rotary district governor emphasized.

"In addition to the promotion of international understanding," Hollingsworth continued, "special emphasis is being placed by Rotary clubs in this district, which includes 42 clubs in Southern California on individual club activities devoted to youth activities, such as sponsorship of track meets, baseball and football events, Boys Clubs; better understanding between business and professional men, promoting community-betterment undertakings, and raising standards of business and professions."

Hollingsworth urged the local Rotarians to attend the Rotary district conference to be held in Coronado in March, 1959, and to make plans for the club to be well represented at the 50th annual convention, to be held in New York City next June.

Kraft Urges Yes On '2'

Pointing to a sharply increasing need for additional classrooms to keep pace with an ever-growing school population, State Senator Fred H. Kraft (R-San Diego) urged the voters of San Diego County to approve the new school construction bond issue which will appear on the November ballot as Proposition 2.

Senator Kraft said studies show the need for additional school facilities contruction continues to outdistance the financial ability of local districts to provide these facilities without state assistance.

"This new bond issue, which will provide another $220,000,000 in school construction loans, is merely the state's way of extending its credit to local districts," Senator Kraft explained. "The continued increase in school population has rendered it impossible for districts to provide adequate classroom facilities without assistance. The issuance of state general obligation bonds has proved the most expedient and economical manner of furnishing that assistance."

'Boredom' Bothers Actors From LG

Outside activities are almost a requirement to keep from boredom during those lean days of "no work." That's the philosophy used by two Lemon Grove youths as they pursue their acting career in Hollywood. Bob Turnbull and Dennis Hopper have taken up small hobbies to keep their minds occupied while awaiting casting calls.

Bob teaches a Red Cross lifeguard class every Monday evening in Hollywood and is Bible study leader in the college department of his church, Hollywood First Presbyterian.

Dennis has again resumed his amateur painting and also attends drama classes in the evenings three times a week.

Both young men have been more active in the TV medium than in movie films recently.

Miss Dawson, San Diego Man Married In Baptist Church

Karen Jane Dawson, daughter of Mr. and Mrs. William Henry Dawson, 2111 Massachusetts avenue, Lemon Grove, Friday became the bride of Mr. Richard James Thomson, son of John Howard Thomson of Needles, California.

The happy couple were married at the First Baptist church of Lemon Grove with the Rev. Robert Rochelle performing the rites.

Matron of honor was Mrs. William Arnold of El Centro, sister of the bride, and bridesmaids were Mrs. Edward Perkins and Margaret Chappel. Mr. John Howard Thomson Jr. of Banning, California, was best man. Ushers were Jerry Finnicum and Edward Perkins.

The bride wore a bouffant gown with lace and tulle over satin. Her veil was held by a crown of pearls.

The former Miss Dawson attended San Diego State College and the University of Oklahoma at Norman, Okla. The groom attended Orange Coast College in Costa Mesa, California.

The bride and groom are honeymooning in Las Vegas, Nevada. They will reside at 6769 El Cajon boulevard.

Wilson Heads School Committee; CSS Interprets Tax Issue

(Continued)

has mailed notices of election to all registered voters.

To acquaint voters with the purpose of the school tax election called for Tuesday of next week, the following questions and answers were prepared by the Citizens Committee for Schools.

1. What is an over-ride tax?

An over-ride tax authorizes the school board to adopt a local budget, for operating the schools, thas calls for a tax rate higher than the statutory limit.

2. What is meant by "statutory limit?"

Back around 1930, almost 30 years ago, the State Legislature set a 90 cent tax rate on each $100 of assessed valuation. This became the tax limit for operation of any elementary district.

3. Is this limit realistic now?

No, because the limit did not anticipate the phenominal growth in school districts or the rising costs of education which California has experienced in recent years. Just as prices have risen in food, housing, automobiles, etc., so have they spiraled for the operation of schools.

4. What vote is required to pass an over-ride tax?

A majority (over 50 per cent "Yes") vote is required by law.

5. Have Lemon Grove voters ever approved an over-ride tax?

Yes, in 1951 the voters increased the legal tax limit from 90 cents to $1.40 for a period of eight years.

6. When does this tax limit expire?

It expires on June 30, 1959, at the end of the current school year. The tax then reverts to 90 cents.

7. Could Lemon Grove operate its schools on the old 90 cent rate?

Yes, but the present program would be sharply curtailed (transportation, music department, cafeteria, special teachers, recreation, etc.), the number of teachers would be reduced, and the district could not pay salaries comparable with other districts to hold good teachers.

8. Will this election authorize the school board to continue the present $1.40 tax rate approved eight years ago?

No, this election would increase the legal tax limit to $1.65 for five years.

9. Why did the board ask the voters to increase the rate 25 cents?

Careful study shows that the old $1.40 rate will not be sufficient for the next five years. This year's budget was reduced by the County Board of Supervisors by $30,000 because the tax limit here was not high enough to cover necessary expenses. During the past two or three years, budget needs increased 17 per cent annually while assessed valuation increased only 10 per cent to 11 per cent. With budget items rising steadily in price and with the threat of federal funds being removed, the rate approved in 1951 cannot cope with the 1959 and 1960 costs.

10. If $1.65 becomes the limit, will the tax rate be at least that high every year for the next five years?

No, the $1.65 is a ceiling beyond which the district may not go. During the eight years that $1.40 was the ceiling, these rates were in effect: 1951-52, $1.40; 1952-53, $1.40; 1953-54, .92; 1954-55 $1.10; 1955-56, $1.05; 1956-57, $1.05; 1957-58, $1.28; 1958-59, $1.40. The new $1.65 rate would be used only when absolutely needed for successful operation of the schools. The district's record above is proof of this.

11. Have other districts found it necessary to vote on an over-ride tax?

Yes, out of 72 elementary districts in California that are comparable in size to Lemon Grove, all but five have over-ride tax rates at the present time. Out of 50 districts in San Diego County, 42 have voted over-ride taxes. Those which have not are extremely small or have other sources of income such as sufficient federal funds to supplement their budgets.

12. What tax limits exist in other districts comparable in size to Lemon Grove?

Chula vista, $1.60; La Mesa, $1.70; Oceanside-Libby, $1.69; Cajon Valley $1.39. Cajon Valley has an election on October 14 to increase the present over-ride tax to $1.99.

13. Does local money cover all the cost of operating the schools here?

No, it covers only a portion of the total cost. Sources of income for operating the schools are approximately as follows: state funds,70 per cent; federal funds, 5 per cent; local funds, 25 per cent. When state and federal funds remain fairly fixed, local revenue must be increased as costs go up.

14. How much would an additional 25 cent tax rate raise for the district?

It would raise about $50,000. This amount, divided by the 3,600 students enrolled in Lemon Grove elementary schools, would provide an additional $14 a year per child.

15. How much more would it cost the average homeowner?

The average home in this area is assesed at $3,500. The 25 cent increase on each $100 of assessed valuation ($3500 is only $8.75 or just 73 cents a month.

16. What is the real issue in this election?

Considering the importance of good educational programs in the United States and in this community, realizing that a good program may cost additional money within the next five years, and knowing that the local board would not request these funds unless they were needed, will parents and homeowners commit another 73 cents a month to assure an adequate elementary education for the children of Lemon Grove?

New Manager For Marsi's

Sid Silverman, owner of Marsi's, women's ready-to-wear store, announced last week the appointment of Miriam Porter, formerly of New Jersey, as manager of Marsi's in Lemon Grove.

Mrs. Porter, a recent arrival from the east coast, will make her home with her two sons in Lemon Grove.

She has had wide experience in the ready-to-wear field, having served in managerial capacities for several nationally known firms in New York and New Jersey. She has also been active in women's club work. She is a past state director of Kappa Gamma Sorority.

Eagles Supply Books To Manila Library

President Joseph Fournier of San Diego Aerie 244, Fraternal Order of Eagles told members last week that a "Truth Library" of 99 selected books had been received at the Arellano University in Manila, Phillippines, as a gift of the lodge.

This was a part of a national campaign sponsored by the Fraternal Order of Eagles in cooperation with CARE and the United States Information Agency to distribute more than 25,000 American books overseas to combat a similar program conducted by Communists. A total of 25,641 volumes representing the best in American writing on biography, social science, history, fiction, poetry and the arts were sent to overseas countries.

Eagle lodges in every part of the United States, Canada and Alaska contributed funds to make this possible. The materials were selected by the United States Information Agency and were intended to provide a true picture of America to foreign lands.

JOB'S DAUGHTERS MOTHERS SET MEETING MONDAY NITE

The Job's Daughters Mothers Club will meet Monday night of next week at 7:30 at the Lemon Grove Methodist church, 3205 Washington street.

LAWNS

If you are going to renovate an old lawn, now is the time to do it. I have renovated my lawn successfully two or three years in succession but it should be done before the weather gets too cold for germination. It consists, first of all, in what we call "scalping" . . . cutting the grass as close as possible to the sod with a special lawn mower. This does not disturb the soil.

Usually, an old lawn that is to be re-seeded has been taken over by Bermuda grass during the summer, so it is suggested that rye grass be selected for re-seeding because it is the most economical and satisfactory.

My bulletin on renovating lawns outlines the procedure in detail and is free. Just send 4 cents to cover postage. (Also my bulletin on How to Put in a New Lawn). Now is the time to put in a new lawn so that it will have ample time to become established before the hot weather sets in next season.

Button Says His Opponent Is 'Confused'

The Democratic opponent of State Treasurer A. Ronald Button is confused about what office he is seeking," Button charged in a speech in Torrance.

"I understand my opponent (Bert A. Betts) is going around the State saying that no one but an accountant is qualified to be State Treasurer. He just happens to be an accountant."

Accounting, Button continued, "plays a very minor role in the functions of the Treasurer's office.

"I think my opponent is a little confused. Something over a year ago he announced he wanted to run for State Controller, an office which does most of the accounting for State government.

"Apparently he still has not made the distinction between the two offices. Perhaps he still thinks he is running against Bob Kirkwood."

Robert C. Kirkwood is State Controller.

Button said in the speech that the State Treasurer acts as banker for the State, and in this capacity Button has earned a record $31,000,000 by investment of State Treasury funds in less than two years.

BRAILLE LIBRARY USED BY LEMON GROVE BLIND FOLK

More blind persons in Lemon Grove may have the free library services of Braille Institute, 741 North Vermont avenue, Los Angeles, if they apply, an announcement said today.

The Institute library is serving only four visually handicapped persons in Lemon Grove, but 148 in San Diego county, said Cecil L. Whitehead, president, a retired attorney who is giving his time to work for the sightless.

Two persons in Lemon Grove receiving the library service, he said, are Mrs. Grace A. Ufford, 6970 Central avenue, and William C. Von Willer, 2759 Washington street.

Whitehead said all Institute services are free, supported by philanthropic contributions and bequests in wills.

The library costs $50,000 a year to operate, Whitehead said, and the Institute's annual budget exceeds $300,00.

The books are in braille and talking book form. They are the property of the Library of Congress, distributed by the Institute.
